

One of the most important things I do as a Congressman is help people with federal problems. Often times, I can intervene on a person's behalf to answer questions, find solutions, or just cut through the red tape.

Below you will find a list of agencies that I can help you with. However, regardless of which agency you need help with, I need a completed privacy authorization form to comply with the provisions of the Privacy Act.

Please [click here](#) for a printable version of the privacy authorization form and then fax or mail to the address listed under the agency from which you are seeking assistance.
